## Bhadale IT

Sl.No	Project Name	Time/ Duration	Project Brief	Our offering category	Proj Status
68	Bhadale group of companies space industry products catalogue	Apr-20	This is our first version of space products for various autonomous purposes using cognition and robots that help, assist in exploration, farming, building, soldier, repairs and transport across various planet ground missions. They have good networking peers and space stations and communicate using advanced sensors and nano devices that enable better quantum level communication	Products	Complete
84	Bhadale group of companies power supply, energy products catalogue	Apr-20	This is our first version of our product offering for the power and energy industry. We offer Smart energy meter, Nanowire based micro batteries, and smart grid based components	Products	Complete
87	Bhadale group of companies power supply, energy products catalogue		Nano wired battery kit & micro-batteries: Domain Details for Level 2 to be generated and integrated with general /other frameworks	Products	New
90	Bhadale group of companies oil gas industry products catalogue	Apr-20	This is our first version of product offering for the oil and gas industry. We offer intelligent GIS analysis for oil rigs, availability of rich gas based on CNN data slices, spatial analysis and intelligent sensors using nano biosensors like MEMS.	Products	Complete
93	Bhadale group of companies oil gas industry products catalogue		Intelligent refinery using nano and bio-sensors: Domain Details for Level 2 to be generated and integrated with general /other frameworks	Products	New
141	Bhadale group of companies data center products catalogue	Apr-20	This is our first draft version of the product offering in areas of nano computing, DNA computing, Nano wireless network and nano communication. We offer industry standard base images of the solutions for emerging computing platforms and edge, fog computing	Products	Complete
142	Bhadale group of companies data center products catalogue		Smart nano computing system: Details for Level 2 to be generated and integrated with general /other frameworks	Products	New
143	Bhadale group of companies data center products catalogue		Wireless nanosensors network (WNSN): Details for Level 2 to be generated and integrated with general /other frameworks	Products	New
489	Bhadale group of companies - research-oriented services engineering products catalogue		Research based engineering products design- Nanotechnologies: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
491	Bhadale group of companies - research-oriented - multidisciplinary blended services catalogue	May-19	This is our research service offerings for multiple disciplines like biology, chemistry and engineering that enable a better integrated system that help design of nano robots from various material from chemicals, biology and programmed to work at nano level.	Research	Complete
493	Bhadale group of companies - research-oriented - multidisciplinary blended services catalogue		Research-based - multidisciplinary IT & engineering blended design - nanorobots speciality: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
494	Bhadale group of companies - research-oriented - multidisciplinary blended services catalogue		Research-based - multidisciplinary IT & engineering blended design - nanomaterials speciality: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
513	Bhadale group of companies - research-oriented services- engineering services catalogue		Research based engineering services design- Nanotechnologies: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
546	Bhadale group of companies - health and life science innovations programs catalogue	Mar-19	These are our offerings for the healthcare and life science industries. We use nano-particles, nano-silver, AI / ML for the drugs, equipment and implants/ devices that help in improved lifespan, less usage of antibiotics and effective ways of diagnosis and treatment of diseases.	Research	Complete
549	Bhadale group of companies - health and life science innovations programs catalogue		Smart Nanocoatings: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
552	Bhadale group of companies - clean tech innovations programs catalogue	Mar-19	These are our offerings for clean technology that uses nano particles, AI and ML to help in making a clean environment by using various types of filters, and error corrections using AI.	Research	Complete
553	Bhadale group of companies - clean tech innovations programs catalogue		Smart Nano-particles for water / air purification: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
554	Bhadale group of companies - clean tech innovations programs catalogue		Smart AI and nano modeling: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
555	Bhadale group of companies - clean tech innovations programs catalogue		Smart nanorobots for river water cleaning: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
556	Bhadale group of companies - clean tech innovations programs catalogue		Smart nanorobots for industrial waste cleaning: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New

557	Bhadale group of companies - engineering innovations programs catalogue	Mar-19	These are our offering in areas of engineering research mainly using nano-technology, nano-materials and Internet of nano-things architecture. We offer research assistance and project guidance in these areas.	Research	Complete
558	Bhadale group of companies - engineering innovations programs catalogue		Smart Nano-materials and Nano-composites: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
559	Bhadale group of companies - engineering innovations programs catalogue		Smart nano-computing: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
560	Bhadale group of companies - engineering innovations programs catalogue		Smart AI and nano modeling: Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
561	Bhadale group of companies - engineering innovations programs catalogue		Wireless Nanosensor Networks(WNSN) using Internet of Nanothings (IoNT): Details for Level 2 to be generated and integrated with general /other frameworks	Research	New
