97	Bhadale group of companies law-justice industry products catalogue	Apr-20	This is our first version of the product for the law and justice industry. We have AI based agent that works along with a lawyer to intake his cases and his explanations in support of his decisions. Various AI network graphs are developed to represent the case, analyse it and relate to the rules, sections and jury related terms. It helps lawyers in manual scanning of large volumes and also aids with earlier decisions with similar charges	Products	Complete
